**REQUEST FOR CORRECTED PUBLICATION UNDER 37 C.F.R. § 1.221(b)
DUE TO MATERIAL OFFICE MISTAKE****Box PGPUB**
Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicants respectfully request a corrected publication of the above-listed application pursuant to 37 C.F.R. § 1.221(b) due to a material mistake made by the Office. In particular, the publication fails to list forty-four provisional applications (shown as Applications 50-93 on pages 1-2 of the Application) to which the instant application claims benefit under 35 U.S.C. § 119(e).

The above mistake is apparent from the Office records as the Official Filing Receipt contains the correct list of priority applications in its entirety.

Moreover, the above mistake is material, as the missing priority claims affect the use of the published application as prior art under 35 U.S.C. § 102(e). In particular, without the correct priority applications being listed, an examiner or member of the public would be unable to determine the correct effective date of the publication as a reference for at least some of the subject matter disclosed therein. In order to make such a

determination from the present publication, an examiner or member of the public would first be forced to obtain the correct priority information from the Office, thus undermining the use of the publication (and published applications in general) for § 102(e) purposes.

Accordingly, Applicants respectfully request that a corrected publication of the above-listed application be made pursuant to 37 C.F.R. § 1.221(b).

No fee is believed due for this submission. In the event that a fee is required in connection with this submission, please charge the required fee to Deposit Account No. 08-3425.

Respectfully submitted,

Dated: January 7, 2003
